Indian Institute of Corporate Affairs

The IICA was established as a think-tank, action research, service delivery and capacity-building institute to serve the Ministry of Corporate Affairs, corporate entities and all other stakeholders in a one-stop-shop mode, providing a platform for value-adding partnerships between government and industry stakeholders. Set up as the premier organization for cutting-edge intellectual leadership in corporate regulation governance and running sustainable businesses, the IICA also aims to build capacity through a network of schools and centres. The IICA was invested with the power to establish an academic centre for the creation and application of knowledge. In addition, IICA functions as a consultant to the professional bodies such as Institute of Chartered Accountants of India (ICAI), Institute of Company Secretaries of India (ICSI) and Institute of Cost Accountants of India (ICAI), all of which play a pivotal role in the management of corporate entities. IICA renders holistic insight into all issues relating to corporate affairs that impact corporate functioning, including the legislative, policy, structural, governance, regulation and inter-disciplinary and coordination issues, keeping in view the current developments and likely future scenarios.

IICA: An Enabling Knowledge Network

In keeping with its vision of providing knowledge with a wide reach and ease of access, IICA endeavours to establish partnerships with institutions, across the country, that are qualified to roll out the courses for individuals at centres of their convenience.

ICP-CSR

A 9 month IICA Certificate Programme in CSR (ICP-CSR) for developing trained and certified CSR professionals in the country.

General Information

In an economic structure that is market oriented, economic growth is primarily dependent on the corporate sector. An enhanced sense of social responsibility has ensured that the corporate entities now utilize their core strengths in contributing significantly to national development in partnership with the Government, NGOs and Community Based Organisations (CBOs) through enlightened Corporate Social Responsibility (CSR).

Section 135 of the Companies Act 2013 is a landmark legislation on CSR for our country. The new mandate will help corporate India to execute a more pro-active role in making a significant contribution to community development and environmental conservation. The IICA Certificate Programme in CSR is aimed at the development of trained and certified CSR professionals in the country.

The programme will be a professional and knowledge-oriented IICA patent, delivered over a period of nine months. Those trained, it is envisaged, would be highly valued for their professional expertise and merit in the field of CSR in India.

Outline of the programme

The 9 month (36 weeks) ICP - CSR has been structured as follows:

- 2 interactions at the IICA
- 14 weeks of online/non-contact study during which transaction of the curriculum would be done in teaching mode, providing reinforcement, chat time through the Master Trainers provided by the ICP in CSR Partners and trained by the IICA, and other modes of e-learning through a Learning Management System
- 4 weeks of contact classes with an online exam on each of these 4 week ends to be undertaken at the premises of the partner institutions
- 12 weeks of project work with an NGO/Foundation/Trust/Society/Section 8 company (facilitated by IICA)
- 3 weeks of corporate attachment facilitated by the IICA

Eligibility

A Bachelor’s Degree of a minimum of 3 years duration or its equivalent (under the 10+2+3 pattern fulfilling the mandatory requirements of 15 years of formal education) from a recognised university, in any discipline with a minimum of 50% in aggregate.

Desirable Qualifications

Practicing professionals in the corporate sector who are actively engaged in developmental and social responsibility activities of the institutions that are sponsoring them. The candidature of these individuals will be determined by the organizations.
